

Sprint – 1

Working With The Dataset

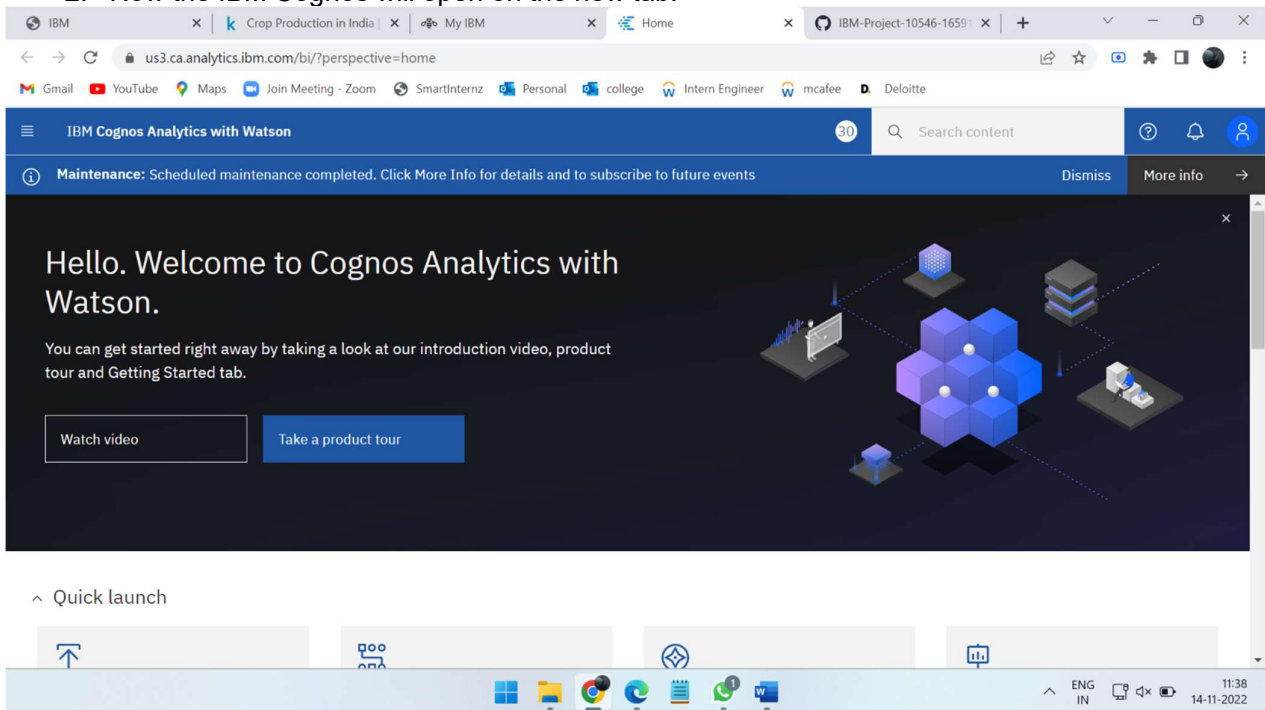

Date	04 November 2022
Team ID	PNT2022TMID14566
Project Name	Estimate the crop yield using Data Analytics

Login into IBM Cognos:

1. Login to MYIBM website then click the **Launch** in Cognos Analytics on cloud Trial for students under Products.

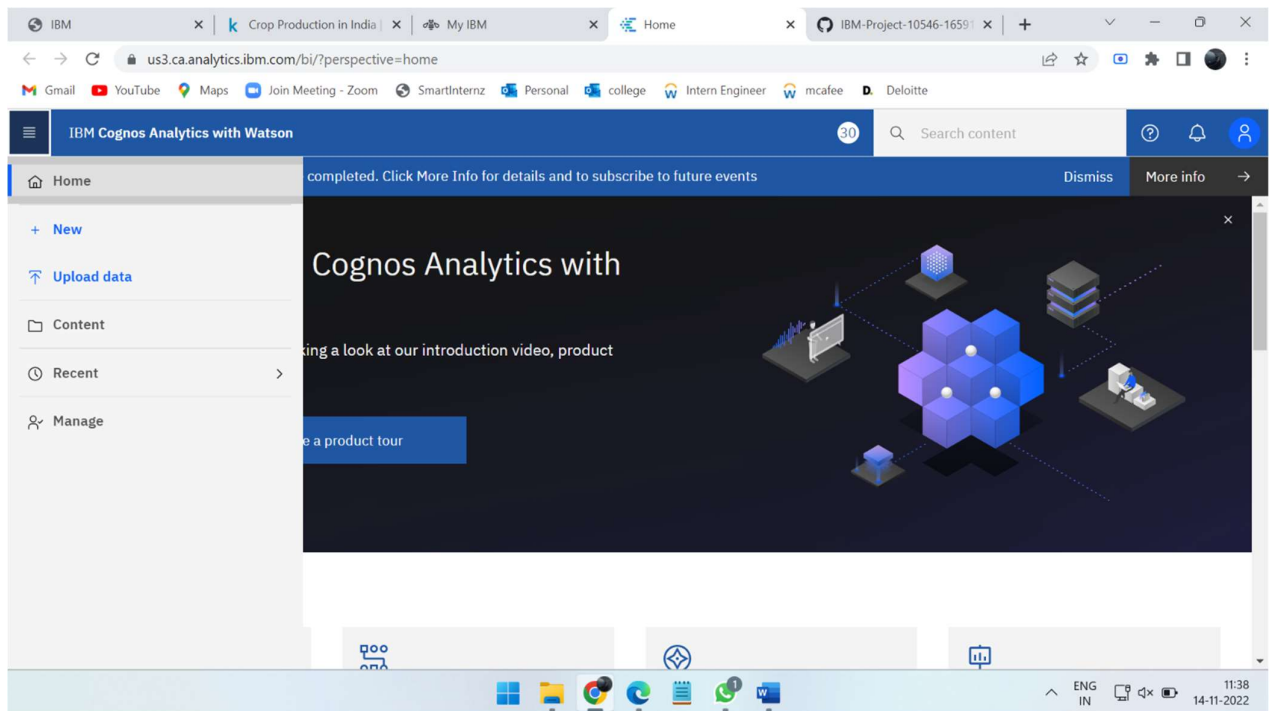

2. Now the IBM Cognos will open on the new tab.

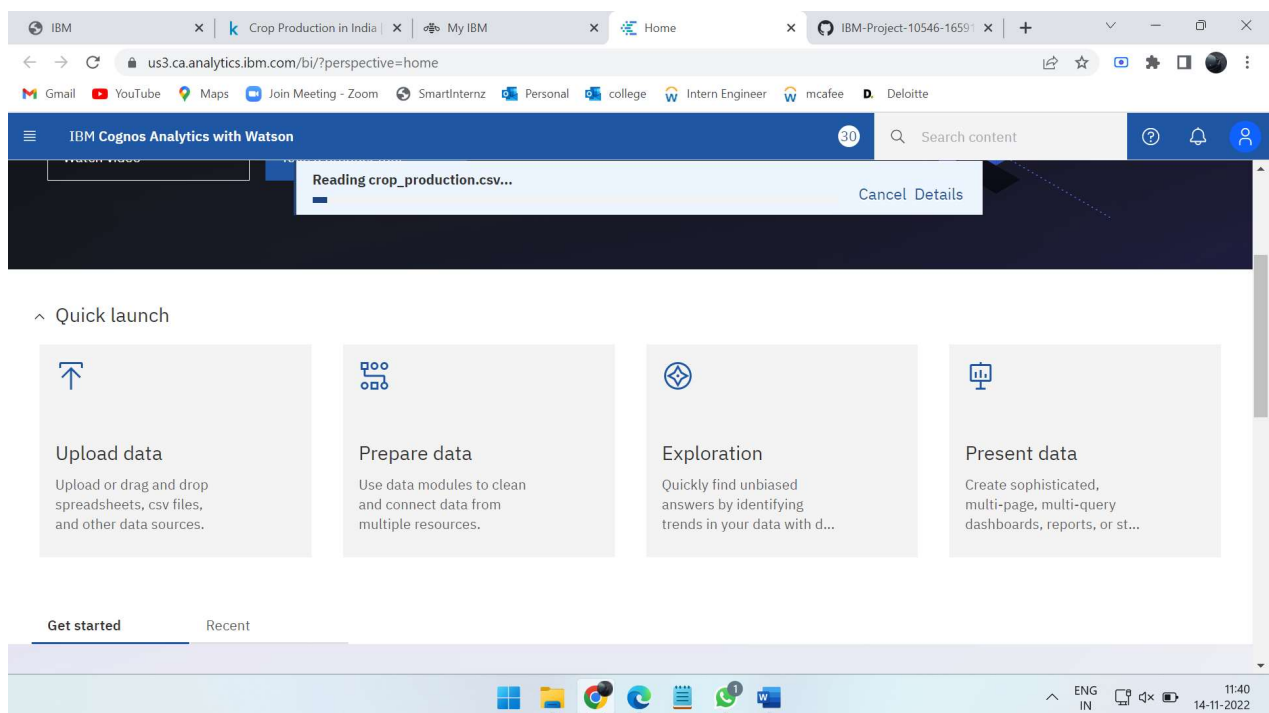

Working with dataset:

1. Click the open menu in the top left corner.

2. Select the **Upload Data** in the menu and select the Dataset that you want upload.

3. Once the Dataset is Uploaded it will be displayed in content.

The screenshot displays the IBM Cognos Analytics Content Manager interface. The browser address bar shows the URL: `us3.ca.analytics.ibm.com/bi/?perspective=content&tab=myContent&folder=i34AF62658C6E4F9D99A50422C4BF555A`. The page header includes the IBM Cognos Analytics logo, a search bar, and a user profile icon. The main content area is titled "Content" and features three tabs: "My content", "Team content", and "Samples". Under the "My content" tab, a file named "crop_production.csv" is shown. Below the filename, it indicates "Last Accessed 11/14/2022, 12:10 AM". A green "CSV" button with an upload icon is positioned next to the file name. The bottom of the screen shows a Windows taskbar with various application icons and a system tray displaying the language as "ENG IN", the time as "11:42", and the date as "14-11-2022".
